Project name:	Sports hall booking system

Customer Problem Statement

The Sports Hall Booking System is designed to solve the problems faced by students, staff, and sports coordinators when booking sports facilities. Many institutions still use manual booking methods, which lead to double bookings, scheduling conflicts, and delays. This system provides a simple online platform where users can view available halls, reserve time slots, receive booking confirmations, and allows administrators to manage bookings efficiently

 I am	Describe the customer and their key characteristics – who are they?	Describe the customer and their attributes here
 I'm trying to	List their outcome or "job" – the exact thing they want to achieve.	List the thing they are trying to achieve here
 but	Describe what problems or barriers they face – what stops them from achieving it?	Describe the problems or barriers that get in the way here
 because	Enter the "root cause" – why these problems or barriers exist – what's causing it?	Describe the reason the problems or barriers exist
 which makes me feel	Describe the emotions from the situation – how does it impact them emotionally?	Describe the emotions the result from experiencing the problems or barriers
